PLAN SUBMITTAL

The plans must include all of the following where applicable:

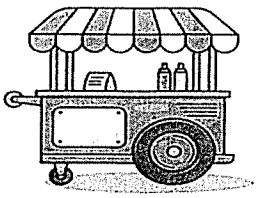

a) Complete floor plan
b) Equipment schedule w/ mfr. and model
c) Plumbing: Hot & cold water, waste, type of fixtures, size and rating of water heater.
d) Full menu
e) Exhaust ventilation plans: Hood size & duct sizes; Exhaust air (CFM), number, size & rating of filters (CFM or FPM); Make-up air (CFM)
f) Finish schedule for floors, walls and ceilings w/type of surface finish, color, and type of base at the floor-wall juncture
g) Miscellaneous details

If the above listed items are not addressed on the plans a correction letter will be sent after review:_____

CMFO General Construction Guidelines

*Compact Mobile Food Operations = Limited food preparation ONLY**

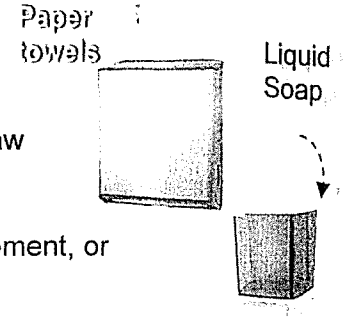

PLEASE READ: The code requirements vary according to the type of food operation proposed; these are guidelines only. We can provide a consultation to discuss your proposed operation during the planning stages. Construction or remodel plans must be submitted for review and approval prior to construction. Call our office at 559-600-3357 for more information.

Equipment

- Must be commercial grade NSF sanitation listed or equivalent including sinks, preparation tables, cooking, heating, hot holding, refrigeration units, blenders, and other food or drink appliances or equipment.
- If storing potentially hazardous foods cold on the CMFO, mechanical refrigeration is required.
- Smooth, easily cleanable, durable, and non-absorbent.
- Mechanical refrigeration units that extract heat from and regulates refrigerated air blown into an enclosed insulated compartment.
- Glass door refrigerators will not be allowed for storage of potentially hazardous foods (meat, fish, poultry, dairy, etc.).
- No cold plates or cold-holding using ice or dry ice is allowed for potentially hazardous foods.
- Refrigerator must always maintain internal temperature of foods at or below 41°F or below.

NSF® INTERTEK ETL SANITATION LISTED CSA® SANITATION NSF/ANSI 2

Handwashing Sink

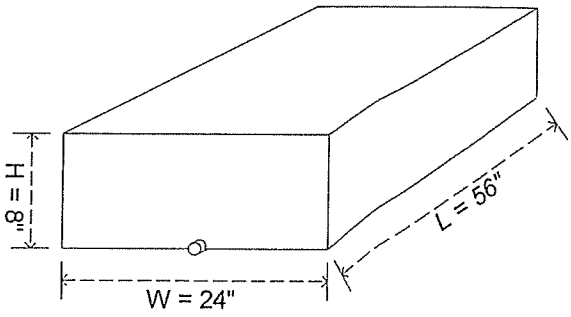

- Sink should be at least 9"x 9" x 5" and integral to CMFO.
- Running water (hot water required if cooking raw meat, raw poultry, or raw fish only-see additional sink requirements).*
- Soap and paper towels in dispensers must be mounted on the CMFO.
- 6" splash guard if sink is installed next to food preparation surface, equipment, or food/utensils storage.

Fresh Water Tanks

- 5 gallons or larger for hand washing sinks.
- Tank must be enclosed.
- Tank must be made for potable water.
- Fittings and areas where pipes enter the tank(s) must be sealed and leak-proof.

Wastewater Tanks

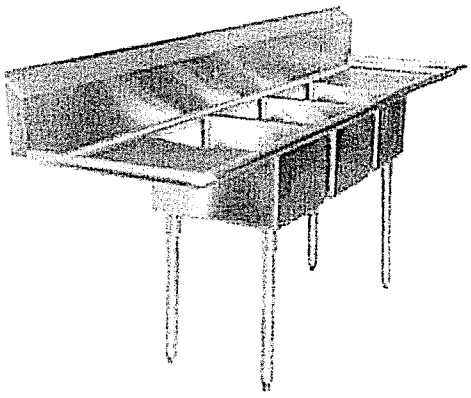

- Wastewater tank minimum 1.5 times larger than the freshwater tank(s).
- If freshwater tank is 5 gallons, then wastewater tank must be 7.5 gallons (5 gallons x 1.5 = 7.5 gallons).
- Wastewater tank must be an additional capacity of 1/3 the ice bin. May be an individual tank or combined with hand sink tank.
- Tank must be sloped so it drains completely.
- Drain must close completely and not leak.
- Fittings and areas where pipes enter the tank(s) must be sealed and leak-proof.

L x W x H = 56" x 24" x 8" = 10752 cubic"
10752 cubic" / 231 = 46.5 gallons

To find capacity in gallons: measure tank exterior L x W x H in inches, then divide by 231

*Additional sink requirements for CMFO cooking raw meat, raw poultry, or raw fish:

Three Compartment Utensil Washing Sink

- Each metal sink compartment must be 12"x12"x10" OR 14"x10"x10" OR bigger, if needed, to accommodate the largest utensil washed.
- On each side of the 3 compartments, are integral metal drainboards that are at least equal size to one sink compartment and the two drainboards shall be sloped to the sink compartment.
- Hot and cold running water.
- Mixing faucet that swivels to reach and fill all compartments.

Hot Water Heater

- Must be at least 4 gallons.
- 120°F hot water at 3-compartment sink faucet.
- 100°F hot water at handwash sink faucet (120°F is okay).
- Must be operational during all periods of food handling and sales.

Fresh Water Tanks

- 25 gallons or larger for 3-compartment utensil washing sink.
  *Combined 30 gallons minimum for hand sink (5 gallons) and 3-compartment sink (25 gallons).

Water Pump

- Water pump must provide at least 1 gallon per minute flow to all sinks.
- Must be operational during all periods of food handling and sales.

Wastewater Tank

- Minimum 1.5 times larger than the freshwater tank.

Power Source

- Generator mounted to the CMFO.
- Propane tank (LPG) mounted to the CMFO and installed according to fire authority.

Overhead Protection and Food Compartments

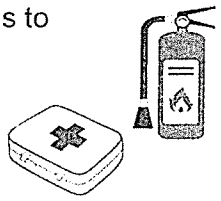

- Overhead protection provided above all food preparation, food display, ware washing, and food storage areas.
- Limited food preparation conducted within a food compartment.

General Construction

- Adequate counter space provided.
- Adequate storage for all food, ingredients, drinks, food packaging, linens, clean utensils, etc.
- Surfaces and equipment are smooth, easily cleanable, durable, non-absorbent.
- No unfinished wooden surfaces.
- Joins and seams tightly fitted and filled smooth with waterproof silicone sealant.
- Non-portable equipment installed to be an integral part of the CMFO unit.
- Space around pipes, conduits, or hoses shall be sealed.

Safety Requirements

- Corn pots, deep fryers, steam tables, etc., with secure attached lids to prevent spillage.
- 10 BC fire extinguisher must be mounted on CMFO.
- Additional K-Class fire extinguisher for deep frying.
- First-aid kit.

Business Identification

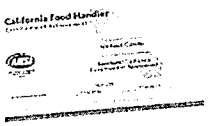

- Business name must be in letters at least 3" tall.
- City, state, zip Code, name of permittee must be in letter at least 1" tall.
- Lettering must contrast with background.
- Lettering must be legible.

Food Handling

- All preparation, service, and storage operations must take place on the CMFO. No outside tables are allowed.
- No ladling of beverages is allowed outside.
- Internal temperature of all potentially hazardous foods held hot after cooking or reheating must be always maintained at 135°F or above.

Other Requirements

- Any outdoor condiments for customer self-service must be:
  - Non-potentially hazardous (no dairy, cut vegetables etc.)
  - Prepackaged and labeled at the commissary
  - Commercially packaged and labeled in dispensers with self-closing covers, lids in squeeze bottles, or pump dispensers
  - Located on the CMFO, no detached tables or carts

Food Safety Knowledge

- One owner/operator must provide a California Food Handler Card (CalCard).

Operation from Commissary

- CMFOs must operate from a **permitted commissary** and must provide a completed **Commissary Authorization Form**.
- Use commissary for the following functions: Fill freshwater tank, empty wastewater tank, store CMFO, clean CMFO, prepare and cook foods, obtain ice, store food and supplies, use ware washing and any preparation facilities.

Operational Statement

- Provide an operational statement detailing the following information:
  - Give detailed menu: include all food, sides, condiments, and beverages.
  - How do you plan on selling?
  - Where CMFO will be stored, cleaned, tanks drained and filled, food stored.
  - What food preparation will be done?
  - Other details about your business?

---

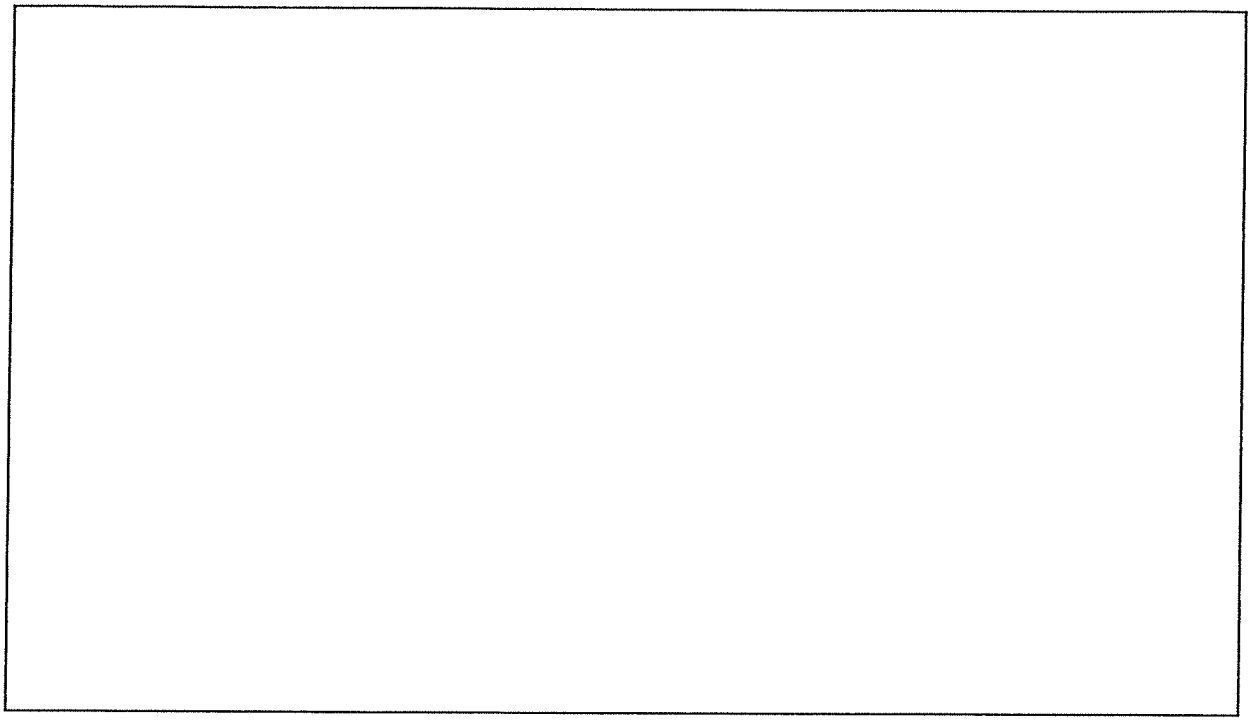

*CMFOs may perform **limited food preparation only**
The following processes are considered limited food preparation:

- ✓ Heating, frying, baking, roasting, popping, shaving of ice, blending, steaming or boiling of hot dogs, or assembly of non-prepackaged food
- ✓ Dispensing and portioning of non-potentially hazardous foods
- ✓ Dispensing and portioning food that has been held under temperature control until right before dispensing
- ✓ Slicing and chopping of non-potentially hazardous food
- ✓ Slicing and chopping produce washed at an approved facility
- ✓ Slicing and chopping food on a heated cooking surface during the cooking process.
- ✓ Cooking and seasoning to order
- ✓ Juicing or preparing beverages that are for immediate service, in response to an individual consumer order (cannot contain frozen milk products)
- ✓ Hot and cold holding food prepared at an approved permanent food facility or commissary
- ✓ Reheating of food that has previously been prepared at an approved permanent facility or commissary and held at 135° or greater

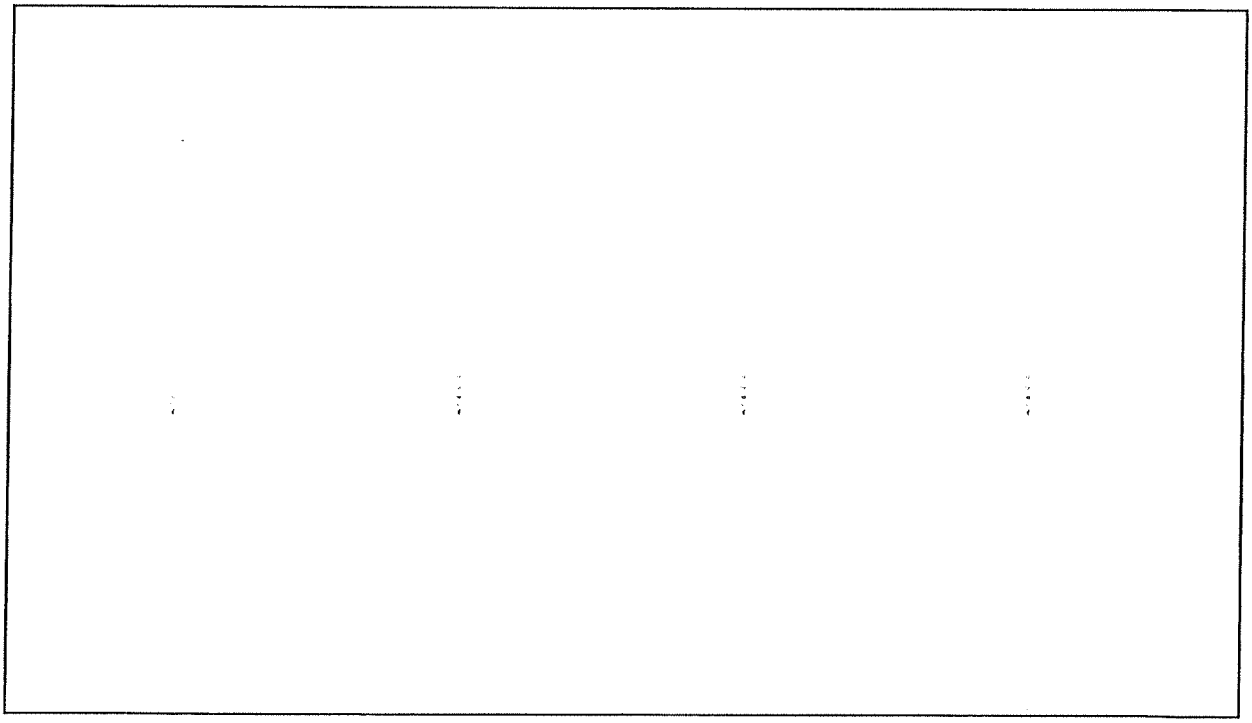

Limited food preparation does not include any of the following and these processes may not take place on the CMFO:

- × Slicing and chopping potentially hazardous foods (other than produce) unless it is on the heated cooking surface
- × Thawing
- × Cooling of cooked potentially hazardous foods
- × Grinding raw ingredients or potentially hazardous foods
- × Reheating potentially hazardous foods for hot holding (except for steamed or boiled hot dogs and tamales in the original, inedible wrapper)
- × Washing of foods
- × Cooking of potentially hazardous foods for later use
- × Handling, manufacturing, freezing, processing, or packaging of milk, milk products, or products resembling milk products subject to licensing by Food and Ag Code

FOOD

A. OWNER INFORMATION

Date:	Business name:	
Name:	Home address:	City and Zip code
Home phone number:	Cell phone number:	Alternative phone number:
E-mail address:		
Commissary name:	Commissary address:	
Describe your overall operation:		

B. CMFO INFORMATION

1. Do you own the CMFO? ☐ Yes ☐ No	1a. If not, who is the registered owner?

2. If not, are you renting this CMFO from the owner? ☐ Yes ☐ No	3. How long have you owned it or leased it?
4. Has it been permitted in Fresno County before? ☐ Yes ☐ No	5. What year was your CMFO built?
6. What are the dimensions of your CMFO? Provide the following: Length: Width: Height:	
7. Do you have DMV registration for this CMFO? ☐ N/A ☐ Yes VIN number: License plate number:	
8. This CMFO is a (check all that apply): ☐ Pushcart ☐ Towable Cart ☐ Bicycle/Tricycle ☐ Stand ☐ Display ☐ Wagon ☐ Showcase ☐ Rack ☐ Other	
9. Has it been inspected by the California Department of Housing and Community Development (HCD)? ☐ Yes ☐ No	9a. Does it have an insignia from the HCD? ☐ Yes ☐ No
10. Did you build the CMFO? ☐ Yes ☐ No If no, who built the CMFO?	

C. EQUIPMENT INFORMATION

11. How will the equipment on the CMFO be powered? ☐ Gas ☐ Propane ☐ Generator ☐ Battery ☐ Solar	
12. If you have a generator or propane tank, is it mounted on the CMFO?	13. Provide make and model of the generator:
14. What equipment will you have on the CMFO? *(Put a number indicating how many units that you will have by each type of equipment:* examples, 4 Hand-wash sinks, 1 Mixer*)*	

_____ Hand-wash sink
_____ 3-compartment sink with drainboards
_____ Stove, range, burners
_____ Griddle (solid flat surface)
_____ Deep fryer
_____ Steam tables
_____ Oven
_____ Ice Bin

_____ Sandwich preparation refrigerator
_____ Refrigerator – Metal doors
_____ Refrigerator – Glass doors
_____ Freezer
_____ Blender
_____ Wok
_____ Shaved ice machine
_____ Other:

15. Does the CMFO have a hand-wash sink? ☐ Yes ☐ No	16. Does the CMFO have a 3-compartment sink? ☐ Yes ☐ No
17. What size in gallons is your clean water tank?	18. What size in gallons is your wastewater tank?
19. What size in gallons is your hot water tank? (if applicable)	20. What temperature does your hot water have to be? (if applicable)
21. Where do you fill and empty the water tanks?	
22. Does your hand-wash sink have soap in a dispenser? ☐ Yes ☐ No	23. Does your hand-wash sink have paper towels in a dispenser? ☐ Yes ☐ No
24. Do you have a fire extinguisher rated 10 BC? ☐ Yes ☐ No	24a. How often do you service your fire extinguisher?
25. Do you have a probe-style thermometer? ☐ Yes ☐ No	26. Do you have a first aid kit? ☐ Yes ☐ No
27. Are all the surfaces on the CMFO smooth and easy to clean? (No raw wood or uneven edges.)	28. Are all the gaps or spaces around pipes, conduits or hoses sealed and smooth?

D. COMMISSARY

29. Does your commissary have adequate space for you to store your CMFO, food, and utensils?
29a. If not, where will you store the CMFO?

30. Does your commissary have adequate hand-washing facilities?
31. Does your commissary have utensil washing equipment?

32. What do you plan on doing at the commissary? (Check all that apply)

☐ Cooking	☐ Cooling	☐ Baking
☐ Reheating	☐ Marinating	☐ BBQing
☐ Thawing	☐ Packaging/Labeling	☐ Mixing/Blending
☐ Washing utensils	☐ Storing utensils	☐ Storing supplies
☐ Servicing CMFO	☐ Dumping wastewater	☐ Other:

33. Do you understand that you must take your CMFO to be serviced at the commissary at least every day that you use it?

E. OPERATIONS

34. What kinds of food and drinks do you plan to sell?

Attach a complete menu on the provided menu template.

35. How many employees do you intend to have?	36. How often do you intend to prepare food?

37. List all facilities, places, and/or vehicles where food will be prepared and stored?

38. Which foods will be prepared at the commissary?

39. Which foods will be prepared on the CMFO?

40. Where do you obtain your food and beverage products?

41. How are these foods transported to your CMFO? (Do you pick them up or are they delivered?)

42. What days of the week do you intend to operate?

☐ Monday ☐ Tuesday ☐ Wednesday ☐ Thursday ☐ Friday ☐ Saturday ☐ Sunday

43. What hours per day do you intend to operate? *(example: from 6:00 am to 1:00 pm, then from 4:00 pm to 10:00 pm)*

44. Where do you plan on operating? Give a list of location(s). Use a separate sheet of paper, if needed.

45. Do you serve rice and beans?

☐ Yes ☐ No

46. What time of day are you planning on being at your commissary?

47. How are hot food temperatures going to be maintained during your operating hours?

48. How are hot food temperatures going to be maintained during transport when you are traveling between sites and your commissary?

49. How are cold potentially hazardous food (e.g., meat, dairy, cut melons, cut vegetables etc.) temperatures going to be maintained during your operating hours?

50. How are cold food temperatures going to be maintained during transport when you are traveling between sites and your commissary?

51. What is the minimum temperature for hot foods?	52. What is the maximum temperature for cold foods?

53. Indicate the sanitizer and method you will be using:

☐ Contact with 100 ppm of chlorine solution for at least 30 seconds:
☐ I will prepare my own sanitizer solution ☐ Pre-mixed commercial solution

☐ Contact with 200 ppm of quaternary ammonium for at least 1 minute:
☐ I will prepare my own sanitizer solution ☐ Pre-mixed commercial solution

54. How do you check your sanitizer strength?	55. How often do you replace utensils during a working day?

56. Do you or an employee have food safety certification?

☐ Yes ☐ No

Provide Food Handler Card Information:
Name:

Card Provider:

Expiration Date:

57. Do you have a plan in place for educating the other employees/food handlers?

58. How long is the drive from the commissary to the area where you intend to operate?

59. How will you check your food temperatures?	60. What do you do with leftovers?
61. Do you understand that you cannot prepare food at your home? **Failure to comply may result in revocation of your permit.**	
62. Do you understand that during operations, all food needs to be held, stored, displayed, and served only from the CMFO? (You cannot set up a table or a cooking unit outside of the CMFO.)	
63. Do you understand that a business license from the city jurisdiction where you operate may be required?	
64. Do you understand that you cannot build onto your CMFO, install tables, chairs, awnings, portable toilets, electrical service, etc., unless you have permission to have a permanent location from the City, County, and/or Zoning Department?	
65. What should you do if you lose power to the refrigerator?	
66. What will you do if you have no water for hand washing?	
Notes/Comments:	

The above is an accurate description of how I will operate our business. If there are changes to the above, then I will notify the Fresno County Department of Public Health, Environmental Health Division in writing at 1221 Fulton Mall, Third Floor, Fresno, CA 93721 or P.O. Box 11867, Fresno, CA 93775.

You do not need to go to this office. They have local inspectors.

State of California Department of Housing and Community Development
Division of Codes and Standards
Northern Area Office
9342 Tech Center Drive #550
Sacramento, CA 95826
Phone: 916-255-2501

Please add to the above drawing:

- ☐ Potable water air vent overflow line
- ☐ Waste tank air vent overflow line
- ☐ Gallons of fresh and waste
- ☐ Dimensions of hand-wash sink
- ☐ Drain valve for wastewater tank

Plumbing:

- **Hot water and 3-compartment sink are required if cooking meat from raw**
- Freshwater tank must be able to drain completely
- All plumbing should be connected to the tanks with watertight seals
- Potable water lines should meet NSF standards for drinking water
- Potable water tanks and wastewater tanks mounted on cart shall have an air vent overflow draining outside the cart in a downward direction covered with 16 mesh per square inch screen
- If tanks are not removable, they must be equipped with a fill line
- Waste tank must be sloped in a downward direction to a drain valve
- Waste lines must be a different color than lines for potable water

Vehicle Business Name	Vehicle License Plates:	
Vehicle Business Owner	Business Owner	Business Owner Home Phone
Vehicle Owner Address	Business Owner Address	Business Owner Cell Phone
Vehicle City, State, ZIP	Business Owner City, State, ZIP	Business Owner Email Address

Food Manager's Name (Unpackaged PHF only): Date Certified: ☐ ServSafe ☐ Prometric ☐ Always Food Safe ☐ 360 Training ☐ Above Training/State Food Safety ☐ NRFSP

Under penalty of perjury, by signing below, **I certify that I and/or my employee(s) will use the commissary identified below for all of the indicated services and I will not store food, utensils, vehicles or any other item for retail use at any private home or other unapproved facility as determined by the Environmental Health Division.** Furthermore, if I decide to change commissaries in the future, then I will complete another Commissary Authorization form and submit it to the Environmental Health Division office for approval before I start using the new commissary.

Signature of Vehicle Business Owner:	Print Name	Date Signed

Commissary Information (to be completed by Commissary owner/authorized representative)

Commissary Business Name	Business Owner		
Commissary Business Address	City	ZIP	Phone
Permit Expiration Date	Commissary is located in what County? ☐ **FRESNO**, ☐ Other county: *If other county, please complete the back side of this form*		

Authorization (to be completed by Commissary owner/authorized representative)

Under penalty of perjury, by signing below, I, the undersigned, on behalf of the above-identified commissary, will provide the services checked below for the vehicle(s) identified in the "Vehicle Facility Information" section above and its owner(s) or operator(s). The commissary has the capability and capacity to provide the services checked below (check all that apply):

- ☐ Disposal of wastewater from vehicle waste water tank(s)
- ☐ Supply of potable water for vehicle water holding tank(s)
- ☐ Use of facility for cleaning and servicing vehicle(s)
- ☐ Storage of vehicle(s), including on days when vehicle(s) is not operating
- ☐ Supply of ice for consumption (must be from an indoor ice machine)
- ☐ Supply of ice for keeping prepackaged foods cold
- ☐ Storage of food and related supplies
- ☐ Supply of food product(s)
- ☐ Use of utensil washing facilities
- ☐ Use of food preparation facilities

The vehicle(s) identified above and its owner(s) or operator(s) is hereby granted use of this commissary as indicated above. This authorization expires on March 31, 2027. The California Retail Food Code requires that food vehicles operate from approved food facilities. Food vehicles are to report to the commissary at least once each operating day for cleaning and servicing operations. **On behalf of above-identified commissary, I agree to IMMEDIATELY notify the Fresno County Department of Public Health, Environmental Health Division at 559-600-3357, if the vehicle business owner/operator discontinues use of the commissary or if we discontinue their use of this commissary.**

Commissary Owner/Authorized Representative Signed	Print Name	Date

COMPLETE THE REVERSE SIDE IF COMMISSARY IS LOCATED OUTSIDE FRESNO COUNTY
